Review	19

The health, safety and well-being of all staff and pupils is of utmost importance to us.

This template does not follow the traditional format for a risk assessment. It only covers the control measures needed to manage the risks presented by COVID-19 as low as is possible, in line with community risk levels, therefore the need for scoring or prioritising control implementation is negated. The measures relate to all the persons who may be affected at your setting staff, pupils and visitors. Settings are required to review the identified control measures and describe how they are implementing these in the notes box. Where a control measure does not apply to your setting you can delete the line or enter NA. You may need to add additional control measures specific to your setting, additional space is provided at the end of the form for this purpose.

The control measures that are now needed are very different to those that were previously required when the consequences associated with COVID-19 were significant. More information on the measures identified here is available in the Compliance Code for all educational settings.

Please note: all COVID-19 guidance is available through HR InfoSpace and Norfolk Schools

For ease of reference, changes that are made to this document are detailed below:

Key infection control measures

Cleaning and disinfection

	<p>The setting has developed specific cleaning schedules for items that need cleaning and disinfection. The schedule details all items, frequencies and who is responsible for this following the information detailed in the compliance code. This includes:</p> <ul style="list-style-type: none"> • Cleaning all touch points including those that are fixed to the premises (inside and out) twice a day • Equipment and resources are disinfected on a twice daily basis as a minimum. <ul style="list-style-type: none"> - - Soft furnishings are disinfected with a proprietary fabric disinfectant spray daily. - Frequency of cleaning and disinfection of equipment is increased based on risk e.g. the number of different users who are handling equipment and resources, the ability of users to undertake effective hand hygiene • Consideration has been given to times of high use and frequency of disinfection increased accordingly where possible. • Shared touch points in staff areas such as those on microwaves, kettles, fridges and photocopiers are wiped down before and after use 	Y	<p>All areas of the school have a cleaning schedule as established by the cleaning team.</p> <p>All touch points are cleaned at least once per day as part of the cleaning schedule.</p> <p>Caretaker team to source proprietary fabric disinfectant spray ASAP. To be added to daily cleaning schedule.</p> <p>Classrooms/staffroom/staff areas have spray/wipes available so that staff members can wipe down touch points on equipment before and after use.</p>	ASAP
--	--	---	---	------

			<p>Class staff to provide continual reminders to children with regard to good hand hygiene.</p> <p>Fogging machine used throughout whole school twice per week and in specific areas on a daily basis i.e. in the hall between breakfast club and PE lessons, and between PE lessons.</p>	
	<ul style="list-style-type: none"> If a surface is visibly dirty it is always cleaned prior to disinfection. 	Y	Part of cleaning procedures.	
	<ul style="list-style-type: none"> Different cleaning equipment is provided for kitchens, toilets, classrooms and office areas. 	Y	Cleaning equipment is clearly labelled and colour coded.	
	<p>All Staff who undertake cleaning:</p> <ul style="list-style-type: none"> Know the schedule information. Have received relevant training/instruction Will follow the instructions for cleaning products and disinfectants to ensure it is effective to ensure that all of the surface has disinfectant applied and not to wipe items dry before the required contact time has been achieved. Are provided with disinfectant wipes to enable them to clean and disinfect contact points in teaching spaces and equipment. 	Y	<p>Information and training provided by Caretaker/Lead Cleaner.</p> <p>Caretaker/Lead Cleaner to continually monitor standards of cleaning throughout the school and address any inconsistencies immediately.</p> <p>Classrooms/staffroom/staff areas have spray/wipes available so that staff members can wipe down touch points on equipment before and after use.</p>	

Hand hygiene and respiratory hygiene arrangements

<p>Hand hygiene</p>	<ul style="list-style-type: none"> • Staff are ensuring that hand hygiene is carried out more frequently than normal (pupils and themselves) in an age appropriate way e.g. observing young pupils, instructing in the class (How to hand rub and NHS guidance for handwashing). • Event related prompts are given to pupils by staff.....<i>after..... before.... when</i> as a more effective means of promoting hand hygiene than fixed time prompts. • Supervision arrangements are in place to support pupils with handwashing where it is needed. • Skin friendly wipes such as baby wipes are provided as an alternative where children are not able to wash their hands due to age or health conditions. • Hand hygiene frequencies include: arrival, before and after eating, before and after breaks, going to the toilet, before leaving, after removing a face covering, after handling resources (including those taken home) and at other identified intervals determined by the setting in relation to the activities carried out. • Pupils and staff are aware of the need to avoid touching their eyes, nose or mouth if hands have not been washed. • Staff and pupils have been advised to avoid wearing rings (except for a plain band) in order to ensure thorough handwashing. • Entrances are supervised on arrival in the morning to support hand sanitising. • Staff, pupils (and parents) are advised that handwashing must be carried out when they arrive at home 	<p>Y</p>	<p>Reminders to all staff about the importance of continued frequent hand washing/sanitising for everyone every day upon return to school on 2.9.2021</p> <p>All staff to continually remind and work with children/colleagues in order to continue with thorough hand washing routines as previously in place.</p> <p>Reminder to staff 2.9.2021</p> <p>Reminder to staff 2.9.2021</p> <p>Reminder to staff 2.9.2021 – as per previous routines</p> <p>Reminder to staff 2.9.2021 and to children/parents 6.9.2021</p>	
	<p>Hand washing is carried out using running water (static bowls are not used)</p>	<p>Y</p>	<p>Where classrooms do not have sinks, handwashing will be carried out in sinks in toilet areas or communal sinks i.e. art area</p>	

	Hand dryers are efficient and effective in quick drying or have been replaced with more efficient dryers or paper towels	Y	Hand dryers or paper towels provided throughout the school	
	Consideration has been given to replacing traditional taps with easy operating lever taps	Y	Some taps are easy operating lever taps but not all.	
	<ul style="list-style-type: none"> Hand sanitiser points are provided at key locations around the site including: at all entrance doors to the setting, at the entrance to toilet facilities, at the entrance to dining facilities, at points of high contact such as near non-automatic doors in corridors, lifts and stairs, classrooms, office facilities etc. The location of sanitiser points is reviewed where there are changes to use of different areas of the premises. Hand sanitiser points are checked regularly and stock replenished where necessary. 	Y	<p>Hand sanitiser available inside and outside all external doors and at various points throughout the school including linked to doorways/touch points.</p> <p>Hand sanitiser levels are monitored daily as part of cleaning procedures.</p>	
	Consideration has been given to outside points being provided in a manner that enables removal and securing at the end of the day e.g. on tables/temporary or movable stands etc.	Y	Hand sanitiser outside is fixed to walls near doorways.	
	Hand sanitiser points have drip trays to deal with spillages and reduce the slip risk where applicable (such as those affixed to walls)	Y	Drip trays in place.	
	Hand sanitiser is stored appropriately and safely according to pupil age and individual risks. Where the provision of hand sanitiser points presents a risk of ingestion, this risk is managed through pupil supervision (contact will be made with Health, Safety and Well-Being where this is not possible)	Y	Stored in locked Caretakers cupboard.	
Respiratory Hygiene	<ul style="list-style-type: none"> Tissues and waste bins are provided in classrooms and other areas to ensure good respiratory hygiene. Bins are emptied regularly throughout the day 	Y	<p>Tissues and bins in place in classrooms and other areas e.g. intervention rooms.</p> <p>Monitored as part of daily cleaning procedures.</p>	
	All staff and pupils are regularly reminded about following Catch it, Kill it, Bin it requirements.	Y	Reminder to all staff 2.9.2021. Staff to continue to reinforce	

			with all children as per previous arrangements.	
			Posters on display around the school.	

Ventilation (and use of outside space)

Use of outside space	Outside space will be used where it is possible, for example, whole school assemblies, lunchtimes and for meetings with staff and pupils.	Y	Reminder to all staff 2.9.2021	
Increasing ventilation	<p>All areas of the premises have been reviewed including meeting rooms and office spaces.</p> <ul style="list-style-type: none"> Mechanical ventilation has been checked to ensure it provides fresh air to rooms Where installed, the setup of air conditioning systems has been reviewed and adjusted to maximise the intake of fresh air. Where fresh air provision is not adequate windows are also opened in these areas. Where systems serve multiple buildings or are fully recirculating, advice has been sought from HVAC engineers and recommendations have been implemented. 	Y	<p>Reminders for all windows and skylights to be used to support ventilation – classrooms and library</p> <p>Air con units must not be set to re-circulation setting.</p>	
	<ul style="list-style-type: none"> Doors and windows are kept open where possible and safe (in premises with no or limited fresh air mechanical ventilation systems) Where fire doors need to be kept open to support ventilation, alarm activated door openers have been installed to ensure fire safety is maintained. Non fire doors are secured in the open position Window restrictors are fitted where needed for premises user safety and to prevent unauthorised access. 	Y	Reminders for all windows and skylights to be used to support ventilation – classrooms and library	

	<p>During cooler weather:</p> <ul style="list-style-type: none"> • Windows are fully opened before rooms are occupied and during breaks. • Windows are kept partially open when rooms are in use, windows are selected that are not directly next to work areas/pupils desks or high level windows are open fully and low level opened partially • Information has been provided to parents, carers and pupils to dress appropriately for cooler temperatures. 	Y	<p>Class staff will be responsible for the ventilation in their classrooms throughout the year, making decisions about ventilation and temperatures for working.</p> <p>Uniform reminders to be issued throughout the year i.e. via ClassDojo and newsletters.</p>	
	<ul style="list-style-type: none"> • Members of the team are nominated to ensure that windows are opened in accordance with the above • Signage is provided to remind occupants not to fully close windows • Regular checks are made to ensure that arrangements are being followed 	Y	<p>Class staff will be responsible for the ventilation in their classrooms throughout the year, making decisions about ventilation and temperatures for working.</p> <p>Principal, Caretaker Team and Operations Officer to monitor ventilation throughout the school as an ongoing matter.</p>	
Reassurance measures	<ul style="list-style-type: none"> • Consideration has been given to installing non-dispersive infrared (NDIR) CO₂ sensors in suitable spaces in order to assess whether ventilation levels are adequate in line with the compliance code 	Y	Awaiting further information from DFE as per guidance.	
Using fans	Where fans are needed in offices, discussion has taken place with staff who use that space to agree terms of use.	Y	Class staff will be responsible for the ventilation in their classrooms throughout the year, making decisions about ventilation and temperatures for working.	
	Where fans are needed in classrooms and other educational areas, a decision for their use has been made by the Headteacher in conjunction with staff.	Y	Class staff will be responsible for the ventilation in their classrooms throughout the year,	

			making decisions about ventilation and temperatures for working. Principal, Caretaker Team and Operations Officer to monitor ventilation throughout the school as an ongoing matter.	
Rooms with no direct source of fresh air	<p>Where rooms cannot be adequately ventilated (naturally or mechanically), they have been taken out of use (subject to the below improvements that can be made in some instances)</p> <ul style="list-style-type: none"> • The room use has been modified to limit access to one person at a time, provide space between occupation and reduce occupancy time to 30 minutes or less • Equipment, machinery that prevent air circulating have been relocated where possible • Tasks that take place in these areas have been reviewed, those that increase generation of aerosols have been modified for these areas (such as physical exertion). • Fans are not used in poorly ventilated areas • Advise has been sought from HSW for using these areas 	Y	There are no rooms without no direct source of fresh air either windows or skylights in place.
