

During Art and DT lessons, Year 1 created a dragon linked to the narrative of George and the Dragon.

In DT lessons, Year 1 used chopping skills to prepare a healthy couscous salad.

In Computing lessons, we have learnt how to programme robots.

As Eco warriors, Year 1 take care of the meadow area – supporting the wild-life that uses this beautiful area...bees and butterflies!

In Maths, Year one use practical equipment to learn about measures.

Year one enjoy counting in multiples in our maths lessons!

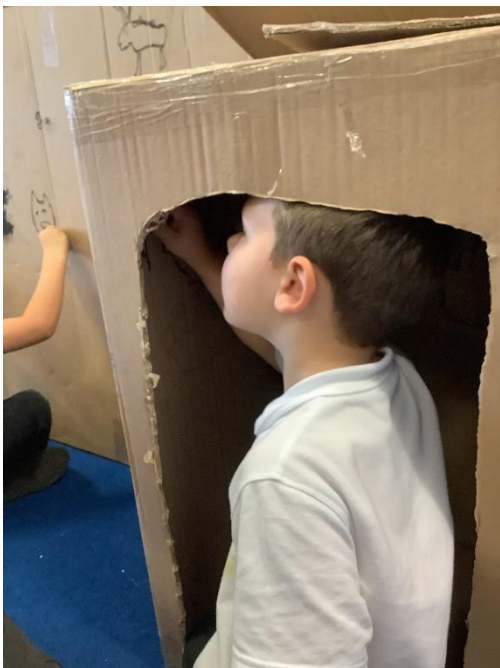

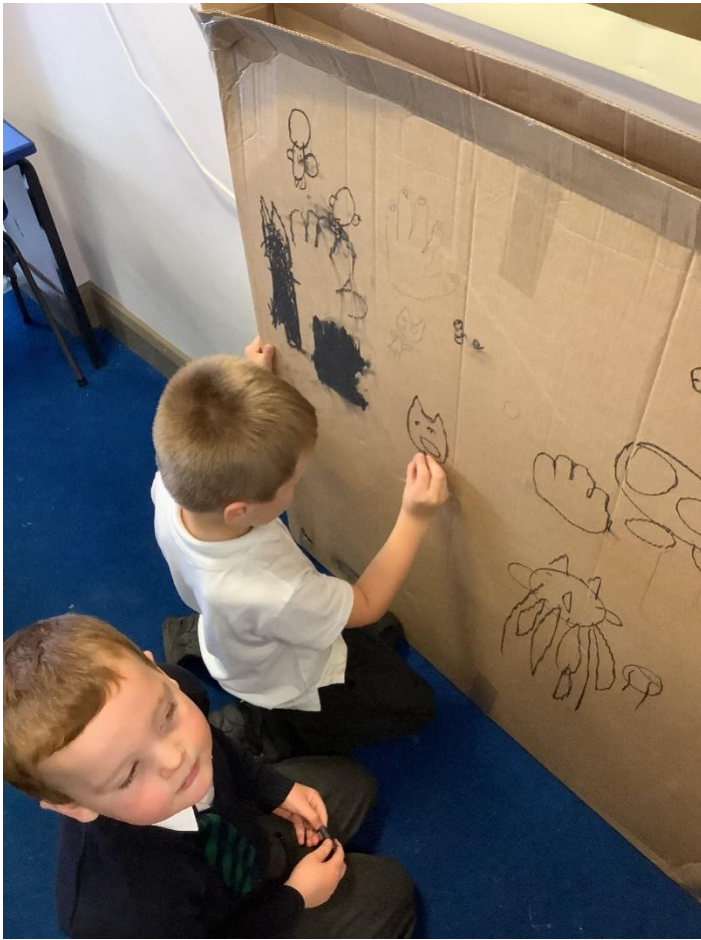

Geography lessons learning about the British Isles.

Year one enjoyed using the xylophones!

We made cave paintings during lessons learning about the Stone Age. Pupils included sabre tooth tigers and woolly mammoths.

We created Stone Age tools as part of our history lessons. Pupils used DT skills to mould clay to sticks to create their own spears.

Year one pupils enjoy PE lessons and getting fit. Pupils use skills learnt to take part in festivals and charity events.

Here we are enjoying Christingle celebrations, as part of lessons on Christian festivals and Christmas.

Creating Rangoli patterns, whilst learning about Diwali.

Maths (Goodall class)

We were measuring using non-standard units. The children were choosing objects from around the classroom and measuring them! They had lots of fun.

Animal experience- Year 1's topic was looking at animals and their habitats. They enjoyed getting to know the animals and asking lots of questions!
