

Knowledge Organiser Autumn 2 Art – Talking about the narratives of paintings

George and the Dragon

This term we are going to looking at using detailed looking and talking about paintings of George and the Dragon. This will help the children to verbalise they can observe about the depicted paintings, such as the story behind the paintings, what they can see, how they make them feel and what they can observe. We can use many of these terms in other areas, particularly in our literacy.

We will also be looking at exploring different textiles and relating in to our topic of Dragons.
